

Modern Application

- Step 1. Read the text.
- Step 2. As a group, decide upon a modern situation that is similar to the biblical one.
- Step 3. Individually write how you imagine the modern situation unfolding, if it were a scene you were observing.
- Step 4. Discuss your different scenes.

What do the scenes say about what is important for you in the passage?

What do the scenes say about how the biblical passage can be applied to life today?

- Step 5. Individually identify a scene from your own life (personal, school, work, social or political) related to the scene you constructed.
- Step 6. Say how you will use what you have learned from the Bible passage.
